Easily details and explains the many processes and structure of politics and the government, respectively. actively gets students to participate and engage in classroom discussion. excellent professor especially considering this is his first semester teaching; a fact otherwise unknown had he not said anything.

I have to say, I have had very few professors who were as engaging as Joey Torres. I thought this was going to be an extremely boring class, but I have a tremendous newfound respect for politics and history. I have already signed up for his next class that analyzes political communications, and I don't even think it counts towards any of my credits. I just wanted to take it out of pure interest.

I really like the way the class was structured. You were a really great teacher and I loved how you took the time to learn something about almost everyone in the class. The level of interaction was high by mostly you the instructor, but you still go everyone to understand at basically the same level. I hope to have you as a professor in the future. Thank you!

I was very pleased with Professor Torres. He made sure that his students understood what he lectured about and always reassured us that we were super intelligent and lifted our confidence as students. The structure of the class was straight forward and he made sure to accommodate students when necessary. this semester Professor Torres has helped me understand how the government works and taught me things that I did not know about. He did a great job as my Professor. I am looking forward to taking another course with Professor Torres.
